**Castrol Variocut G 399** 

High performance neat cutting oil

## Description

Castrol Variocut<sup>™</sup> G 399 is a chorine and heavy-metal free, low viscosity neat cutting oil.

## Application

Variocut G 399 is designed for grinding, honing and superfinishing of ferrous materials. Product meets high finishing demands of bearings. This product contains active sulphur and is not compatible with yellow metals.

## **Advantages**

- Excellent flushing and lubrication properties extend grinding wheels and honing stone life by enabling high surface finish and dimensional accuracy
- Low viscosity and excellent wetting characteristics reduce drag out and result in lower product usage
- Good filtering characteristics and high oxidation stability increases product lifetime
- Our chlorine and heavy-metal free formulation improves the environmental profile and reduces disposal costs
